**STATE OF CALIFORNIA
MEDICAL BOARD OF CALIFORNIA
MANUAL OF MODEL DISCIPLINARY ORDERS AND
DISCIPLINARY GUIDELINES**

Business and Professions Code section 2229 mandates protection of the public shall be the highest priority for the Medical Board and for the Administrative Law Judges of the Medical Quality Hearing Panel. Section 2229 further specifies that, to the extent not inconsistent with public protection, disciplinary actions shall be calculated to aid in the rehabilitation of licensees. To implement the mandates of section 2229, the Board has adopted the Manual of Model Disciplinary Orders and Disciplinary Guidelines (guidelines), 11th Edition. Consistent with the mandates of section 2229, these guidelines set forth the discipline the Board finds appropriate and necessary for the identified violations. In addition to protecting the public and, where not inconsistent, rehabilitating the licensee, the Board finds that imposition of the discipline set forth in the guidelines will promote uniformity, certainty and fairness, and deterrence, and, in turn, further public protection.

The Board expects that, absent mitigating or other appropriate circumstances such as early acceptance of responsibility, demonstrated willingness to undertake Board- ordered rehabilitation, the age of the case, and evidentiary problems, Administrative Law Judges hearing cases on behalf of the Board and proposed settlements submitted to the Board will follow the guidelines, including those imposing suspensions. Any proposed decision or settlement that departs from the disciplinary guidelines shall identify the departures and the facts supporting the departure.

The Model Disciplinary Orders contain three sections: three (3) Disciplinary Orders; twenty-three (23) Optional Conditions whose use depends on the nature and circumstances of the particular case; and eleven (11) Standard Conditions that generally appear in all probation cases. All orders should place the Disciplinary Order(s) first, Optional Condition(s) second, and Standard Condition(s) third.

The professional boundaries program shall be at respondent's expense and shall be in addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

The Program has the authority to determine whether or not respondent successfully completed the Program.

A professional boundaries course taken after the acts that gave rise to the charges in the Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board or its designee, be accepted towards the fulfillment of this condition if the course would have been approved by the Board or its designee had the course been taken after the effective date of this Decision.

(Option # 1: Condition Precedent)

Respondent shall not practice medicine until respondent has successfully completed the Program and has been so notified by the Board or its designee in writing.

(Option # 2: Condition Subsequent)

If respondent fails to complete the Program within the designated time period, respondent shall cease the practice of medicine within three (3) calendar days after being notified by the Board or its designee that respondent failed to complete the Program.

18. Clinical Training Program

Within 60 calendar days of the effective date of this Decision, respondent shall enroll in a clinical training or educational program equivalent to the Physician Assessment and Clinical Education Program (PACE) offered at the University of California - San Diego School of Medicine ("Program"). Respondent shall successfully complete the Program not later than six (6) months after respondent's initial enrollment unless the Board or its designee agrees in writing to an extension of that time.

The Program shall consist of a Comprehensive Assessment program comprised of a two-day assessment of respondent's physical and mental health; basic clinical and communication skills common to all clinicians; and medical knowledge, skill and judgment pertaining to respondent's area of practice in which respondent was alleged to be deficient, and at minimum, a 40 hour program of clinical education in the area of practice in which respondent was alleged to be deficient and which takes into account data obtained from the assessment, Decision(s),

Accusation(s), and any other information that the Board or its designee deems relevant. Respondent shall pay all expenses associated with the clinical training program.

Based on respondent's performance and test results in the assessment and clinical education, the Program will advise the Board or its designee of its recommendation(s) for the scope and length of any additional educational or clinical training, treatment for any medical condition, treatment for any psychological condition, or anything else affecting respondent's practice of medicine. Respondent shall comply with Program recommendations.

At the completion of any additional educational or clinical training, respondent shall submit to and pass an examination. Determination as to whether respondent successfully completed the examination or successfully completed the program is solely within the program's jurisdiction.

[Note: The following language shall be included in this condition unless Option #1 is included: If respondent fails to enroll, participate in, or successfully complete the clinical training program within the designated time period, respondent shall receive a notification from the Board or its designee to cease the practice of medicine within three (3) calendar days after being so notified. The respondent shall not resume the practice of medicine until enrollment or participation in the outstanding portions of the clinical training program have been completed. If the respondent did not successfully complete the clinical training program, the respondent shall not resume the practice of medicine until a final decision has been rendered on the accusation and/or a petition to revoke probation. The cessation of practice shall not apply to the reduction of the probationary time period.]

(Option #1: Condition Precedent)

Respondent shall not practice medicine until respondent has successfully completed the Program and has been so notified by the Board or its designee in writing, except that respondent may practice in a clinical training program approved by the Board or its designee. Respondent's practice of medicine shall be restricted only to that which is required by the approved training program.

(Option #2)

Within 60 days after respondent has successfully completed the clinical training program, respondent shall participate in a professional enhancement program equivalent to the one offered by the Physician Assessment and Clinical Education Program at the University of California, San Diego School of Medicine, which shall include quarterly chart review, semi-annual practice assessment, and semi-annual review of professional growth and education. Respondent shall participate in the professional enhancement program at respondent's expense during the term of probation, or until the Board or its designee determines that further participation is no longer necessary.

19. Oral and/or Written Examination

[NOTE: This condition should **only** be used where a clinical training program is not appropriate.]

Within 60 calendar days of the effective date of this Decision, respondent shall take and pass an oral and/or written examination, administered by the Board or its designee. The Board or its designee shall designate a subject matter and administer the oral and/or written.

If the examination is an oral examination, it shall be conducted in accordance with section 2293(a) and (b) of the Code.

If respondent is required to take and pass a written exam, that examination shall be either the Special Purpose Examination (SPEX) or an equivalent examination as determined by the Board or its designee.

If respondent fails the first examination, respondent shall be allowed to take and pass a second examination.

Failure to pass the required oral and/or written examination within 180 calendar days after the effective date of this Decision is a violation of probation. Respondent shall pay the costs of all examinations.

[Note: The following language shall be included in this condition unless Option #1 is included: If respondent fails to pass the first examination, respondent shall receive a notification from the Board or its designee to cease the practice of medicine within three (3) calendar days after being so notified. Respondent shall not practice medicine until respondent successfully passes the examination, as evidenced by written notice to respondent from the Board or its designee.]

(Option 1: Condition Precedent)

Respondent shall not practice medicine until respondent has passed the required examination and has been so notified by the Board or its designee in writing. This prohibition shall not bar respondent from practicing in a clinical training program approved by the Board or its designee. Respondent's practice of medicine shall be restricted only to that which is required by the approved training program.

Note: The condition precedent option is particularly recommended in cases where respondent has been found to be incompetent, repeatedly negligent, or grossly negligent.

20. Psychiatric Evaluation

Within 30 calendar days of the effective date of this Decision, and on whatever periodic basis thereafter may be required by the Board or its designee, respondent shall undergo and complete a psychiatric evaluation (and psychological testing, if deemed necessary) by a Board-appointed board certified psychiatrist, who shall consider any information provided by the Board or designee and any other information the psychiatrist deems relevant, and shall furnish a written evaluation report to the Board or its designee. Psychiatric evaluations conducted prior to the effective date of the Decision shall not be accepted towards the fulfillment of this requirement. Respondent shall pay the cost of all psychiatric evaluations and psychological testing.

Respondent shall comply with all restrictions or conditions recommended by the evaluating psychiatrist within 15 calendar days after being notified by the Board or its designee.

(Option: Condition Precedent)

Respondent shall not engage in the practice of medicine until notified by the Board or its designee that respondent is mentally fit to practice medicine safely. The period of time that respondent is not practicing medicine shall not be counted toward completion of the term of probation.

21. Psychotherapy

Within 60 calendar days of the effective date of this Decision, respondent shall submit to the Board or its designee for prior approval the name and qualifications of a California-licensed

board certified psychiatrist or a licensed psychologist who has a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders. Upon approval, respondent shall undergo and continue psychotherapy treatment, including any modifications to the frequency of psychotherapy, until the Board or its designee deems that no further psychotherapy is necessary.

The psychotherapist shall consider any information provided by the Board or its designee and any other information the psychotherapist deems relevant and shall furnish a written evaluation report to the Board or its designee. Respondent shall cooperate in providing the psychotherapist any information and documents that the psychotherapist may deem pertinent.

Respondent shall have the treating psychotherapist submit quarterly status reports to the Board or its designee. The Board or its designee may require respondent to undergo psychiatric evaluations by a Board-appointed board certified psychiatrist. If, prior to the completion of probation, respondent is found to be mentally unfit to resume the practice of medicine without restrictions, the Board shall retain continuing jurisdiction over respondent's license and the period of probation shall be extended until the Board determines that respondent is mentally fit to resume the practice of medicine without restrictions.

Respondent shall pay the cost of all psychotherapy and psychiatric evaluations.

Note: This condition is for those cases where the evidence demonstrates that the respondent has had impairment (impairment by mental illness, alcohol abuse and/or drug self-abuse) related to the violations but is not at present a danger to respondent's patients.

22. Medical Evaluation and Treatment

Within 30 calendar days of the effective date of this Decision, and on a periodic basis thereafter as may be required by the Board or its designee, respondent shall undergo a medical evaluation by a Board-appointed physician who shall consider any information provided by the Board or designee and any other information the evaluating physician deems relevant and shall furnish a medical report to the Board or its designee. Respondent shall provide the evaluating physician any information and documentation that the evaluating physician may deem pertinent.

Following the evaluation, respondent shall comply with all restrictions or conditions recommended by the evaluating physician within 15 calendar days after being notified by the Board or its designee. If respondent is required by the Board or its designee to undergo medical treatment, respondent shall within 30 calendar days of the requirement notice, submit to the Board or its designee for prior approval the name and qualifications of a California licensed treating physician of respondent's choice. Upon approval of the treating physician, respondent shall within 15 calendar days undertake medical treatment and shall continue such treatment until further notice from the Board or its designee.

The treating physician shall consider any information provided by the Board or its designee or any other information the treating physician may deem pertinent prior to commencement of treatment. Respondent shall have the treating physician submit quarterly reports to the Board or its designee indicating whether or not the respondent is capable of practicing medicine safely. Respondent shall provide the Board or its designee with any and all medical records pertaining to treatment, the Board or its designee deems necessary.

If, prior to the completion of probation, respondent is found to be physically incapable of resuming the practice of medicine without restrictions, the Board shall retain continuing jurisdiction over respondent's license and the period of probation shall be extended until the Board determines that respondent is physically capable of resuming the practice of medicine without restrictions. Respondent shall pay the cost of the medical evaluation(s) and treatment.

(Option- Condition Precedent)

Respondent shall not engage in the practice of medicine until notified in writing by the Board or its designee of its determination that respondent is medically fit to practice safely.

Note: This condition is for those cases where the evidence demonstrates that medical illness or disability was a contributing cause of the violations.

23. Monitoring - Practice/Billing

Within 30 calendar days of the effective date of this Decision, respondent shall submit to the Board or its designee for prior approval as a _____ [insert: practice, billing, or practice and billing] monitor(s), the name and qualifications of one or more licensed physicians and surgeons whose licenses are valid and in good standing, and who are preferably American Board of Medical Specialties (ABMS) certified. A monitor shall have no prior or current business or personal relationship with respondent, or other relationship that could reasonably be expected to compromise the ability of the monitor to render fair and unbiased reports to the Board, including but not limited to any form of bartering, shall be in respondent's field of practice, and must agree to serve as respondent's monitor. Respondent shall pay all monitoring costs.

The Board or its designee shall provide the approved monitor with copies of the Decision(s) and Accusation(s), and a proposed monitoring plan. Within 15 calendar days of receipt of the Decision(s), Accusation(s), and proposed monitoring plan, the monitor shall submit a signed statement that the monitor has read the Decision(s) and Accusation(s), fully understands the role of a monitor, and agrees or disagrees with the proposed monitoring plan. If the monitor disagrees with the proposed monitoring plan, the monitor shall submit a revised monitoring plan with the signed statement for approval by the Board or its designee.

Within 60 calendar days of the effective date of this Decision, and continuing throughout probation, respondent's _____ [insert: practice, billing, or practice and billing] shall be monitored by the approved monitor. Respondent shall make all records available for immediate inspection and copying on the premises by the monitor at all times during business hours and shall retain the records for the entire term of probation.

If respondent fails to obtain approval of a monitor within 60 calendar days of the effective date of this Decision, respondent shall receive a notification from the Board or its designee to cease the practice of medicine within three (3) calendar days after being so notified. Respondent shall cease the practice of medicine until a monitor is approved to provide monitoring responsibility.

The monitor(s) shall submit a quarterly written report to the Board or its designee which includes an evaluation of respondent's performance, indicating whether respondent's practices are within the standards of practice of _____ [insert: medicine or billing, or both], and whether respondent is practicing medicine safely, billing appropriately or both. It shall be the sole responsibility of respondent to ensure that the monitor submits the quarterly written reports to the Board or its designee within 10 calendar days after the end of the preceding quarter.

If the monitor resigns or is no longer available, respondent shall, within 5 calendar days of such resignation or unavailability, submit to the Board or its designee, for prior approval, the name and qualifications of a replacement monitor who will be assuming that responsibility within 15 calendar days. If respondent fails to obtain approval of a replacement monitor within 60 calendar days of the resignation or unavailability of the monitor, respondent shall receive a notification from the Board or its designee to cease the practice of medicine within three (3) calendar days after being so notified. Respondent shall cease the practice of medicine until a replacement monitor is approved and assumes monitoring responsibility.

In lieu of a monitor, respondent may participate in a professional enhancement program equivalent to the one offered by the Physician Assessment and Clinical Education Program at the University of California, San Diego School of Medicine, that includes, at minimum, quarterly chart review, semi-annual practice assessment, and semi-annual review of professional growth and education. Respondent shall participate in the professional enhancement program at respondent's expense during the term of probation.

24. Solo Practice Prohibition

Respondent is prohibited from engaging in the solo practice of medicine. Prohibited solo practice includes, but is not limited to, a practice where: 1) respondent merely shares office space with another physician but is not affiliated for purposes of providing patient care, or 2) respondent is the sole physician practitioner at that location.

If respondent fails to establish a practice with another physician or secure employment in an appropriate practice setting within 60 calendar days of the effective date of this Decision, respondent shall receive a notification from the Board or its designee to cease the practice of medicine within three (3) calendar days after being so notified. The respondent shall not resume practice until an appropriate practice setting is established.

If, during the course of the probation, the respondent's practice setting changes and the respondent is no longer practicing in a setting in compliance with this Decision, the respondent shall notify the Board or its designee within 5 calendar days of the practice setting change. If respondent fails to establish a practice with another physician or secure employment in an appropriate practice setting within 60 calendar days of the practice setting change, respondent shall receive a notification from the Board or its designee to cease the practice of medicine within three (3) calendar days after being so notified. The respondent shall not resume practice until an appropriate practice setting is established.

25. Third Party Chaperone

During probation, respondent shall have a third party chaperone present while consulting, examining or treating _____ [insert: male, female, or minor] patients. Respondent shall, within 30 calendar days of the effective date of the Decision, submit to the Board or its designee for prior approval name(s) of persons who will act as the third party chaperone.

If respondent fails to obtain approval of a third party chaperone within 60 calendar days of the effective date of this Decision, respondent shall receive a notification from the Board or its designee to cease the practice of medicine within three (3) calendar days after being so notified. Respondent shall cease the practice of medicine until a chaperone is approved to provide monitoring responsibility.

Each third party chaperone shall sign (in ink or electronically) and date each patient medical record at the time the chaperone's services are provided. Each third party chaperone shall read the Decision(s) and the Accusation(s), and fully understand the role of the third party chaperone.

Respondent shall maintain a log of all patients seen for whom a third party chaperone is required. The log shall contain the: 1) patient initials, address and telephone number; 2) medical record number; and 3) date of service. Respondent shall keep this log in a separate file or ledger, in chronological order, shall make the log available for immediate inspection and copying on the premises at all times during business hours by the Board or its designee, and shall retain the log for the entire term of probation.

Respondent is prohibited from terminating employment of a Board-approved third party chaperone solely because that person provided information as required to the Board or its designee.

If the third party chaperone resigns or is no longer available, respondent shall, within 5 calendar days of such resignation or unavailability, submit to the Board or its designee, for prior approval, the name of the person(s) who will act as the third party chaperone. If respondent fails to obtain approval of a replacement chaperone within 60 calendar days of the resignation or unavailability of the chaperone, respondent shall receive a notification from the Board or its designee to cease the practice of medicine within three (3) calendar days after being so notified. Respondent shall cease the practice of medicine until a replacement chaperone is approved and assumes monitoring responsibility.

(Option)

Respondent shall provide written notification to respondent's patients that a third party chaperone shall be present during all consultations, examination, or treatment with [insert: male, female or minor] patients. Respondent shall maintain in the patient's file a copy of the written notification, shall make the notification available for immediate inspection and copying on the premises at all times during business hours by the Board or its designee, and shall retain the notification for the entire term of probation.

26. Prohibited Practice

During probation, respondent is prohibited from _____ [insert: practicing, performing, or treating] _____ [insert: a specific medical procedure; surgery; on a specific patient population]. After the effective date of this Decision, all patients being treated by the respondent shall be notified that the respondent is prohibited from _____ [insert: practicing, performing or treating] _____ [insert: a specific medical procedure; surgery; on a specific patient population]. Any new patients must be provided this notification at the time of their initial appointment.

Respondent shall maintain a log of all patients to whom the required oral notification was made. The log shall contain the: 1) patient's name, address and phone number; patient's medical record number, if available; 3) the full name of the person making the notification; 4) the date the notification was made; and 5) a description of the notification given. Respondent shall keep this log in a separate file or ledger, in chronological order, shall make the log available for immediate inspection and copying on the premises at all times during business hours by the Board or its designee, and shall retain the log for the entire term of probation.

Address Changes

Respondent shall, at all times, keep the Board informed of respondent's business and residence addresses, email address (if available), and telephone number. Changes of such addresses shall be immediately communicated in writing to the Board or its designee. Under no circumstances shall a post office box serve as an address of record, except as allowed by Business and Professions Code section 2021(b).

Place of Practice

Respondent shall notify the Board or its designee in writing within 15 calendar days of any periods of non-practice lasting more than 30 calendar days and within 15 calendar days of respondent's return to practice. Non-practice is defined as any period of time respondent is not practicing medicine in California as defined in Business and Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct patient care, clinical activity or teaching, or other activity as approved by the Board. All time spent in an intensive training program which has been approved by the Board or its designee shall not be considered non-practice. Practicing medicine in another state of the United States or Federal jurisdiction while on probation with the medical licensing authority of that state or jurisdiction shall not be considered non-practice. A Board-ordered suspension of practice shall not be considered as a period of non-practice.

In the event respondent's period of non-practice while on probation exceeds 18 calendar months, respondent shall successfully complete a clinical training program that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

Respondent's period of non-practice while on probation shall not exceed two (2) years.

Periods of non-practice will not apply to the reduction of the probationary term.

Periods of non-practice will relieve respondent of the responsibility to comply with the probationary terms and conditions with the exception of this condition and the following terms and conditions of probation: Obey All Laws; and General Probation Requirements.

36. License Surrender

Following the effective date of this Decision, if respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy the terms and conditions of probation, respondent may request to surrender his or her license. The Board reserves the right to evaluate respondent's request and to exercise its discretion in determining whether or not to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances. Upon formal acceptance of the surrender, respondent shall within 15 calendar days deliver respondent's wallet and wall certificate to the Board or its designee and respondent shall no longer practice medicine. Respondent will no longer be subject to the terms and conditions of probation. If respondent re-applies for a medical license, the application shall be treated as a petition for reinstatement of a revoked certificate.

37. Probation Monitoring Costs

Respondent shall pay the costs associated with probation monitoring each and every year of probation, as designated by the Board, which may be adjusted on an annual basis.
