The Web Applicant Access System provides applicants the ability to check whether or not the Board has received documents required as part of an application for a Postgraduate Training Authorization Letter or Physician's and Surgeon's license. The status of each document will be noted as either:

- **Not Received** (item has not been received by the Board);
- **Received/Not Reviewed** (item has been received by the Board and is pending review);
- **Approved** (item was received, reviewed, and determined to satisfy the requirement);
- **Deficient** (item does not satisfy the requirement or additional information is required); or
- **N/A** (item not required).

Please note: Applicants will be notified in writing by the Board regarding Deficient items. The Board will update the Web Applicant Access System within 10 days of receipt of any documentation in support of your application.
