**Agenda Item 3 Consideration of Proposal to Amend Section 1326, Title 16, CCR
Regarding Faculty Clinical Service to Satisfy Postgraduate Training
Requirements for Licensure**

The Committee members discussed a proposal to amend Section 1326 of Title 16 of the California Code of Regulations, which applies to Section 213 of the Business and Professions Code. Section 2113 permits the Board to approve international faculty to practice in a California medical school for a limited duration without holding a California medical license upon a request from the Dean of the medical school. The proposed amendment to subsection (e) of Section 1326 would define the appropriate minimum level of clinical activities that the Board may accept as qualifying time to meet the postgraduate training requirement for licensure for those appointees who choose to apply for licensure based on clinical service provided during their Section 2113 faculty appointment.
