

ACTION REPORT

BOARD OF MEDICAL QUALITY ASSURANCE

No. 3 March 1977

A report on Board Activities Prepared as an Information Service for Licensees and Health Facilities.

BOARD OPENS NEW REGIONAL OFFICES

The Division of Medical Quality of the Board of Medical Quality Assurance has opened its four new regional offices. These will be staffed by supervising investigators, investigators, medical consultants, stenographers, and consumer service representatives who will handle complaints relating to physicians and surgeons.

The four BMQA offices are located at the following addresses:

1. Los Angeles Regional Office
 Airport Office Building
 8939 So. Sepulveda Blvd., Suite 520
 Los Angeles, CA. 90045
 Telephone: (213) 641-8110
 (Service area: Los Angeles, Santa Barbara and Ventura Counties.)
2. Santa Ana Regional Office
 343 Brookhollow Drive
 Santa Ana, CA. 92705
 Telephone: (714) 558-4452
 (Service area: Orange, San Diego, Imperial, Riverside, San Bernardino, Inyo and Mono Counties.)
3. Bay Area Regional Office
 155 Bovet Road, Suite 660
 San Mateo, CA. 94402
 Telephone: (415) 574-8363
 (Service area: Sonoma, Napa, Solano, Marin, Contra Costa, Alameda, San Francisco, San Mateo, Santa Clara, Santa Cruz, San Benito, Monterey, and San Luis Obispo Counties.)
4. Sacramento Regional Office
 1430 Howe Avenue
 Sacramento, CA. 95825
 Telephone: (916) 322-5087
 (Service area: Del Norte, Siskiyou, Modoc, Humboldt, Trinity, Shasta, Lassen, Tehama, Plumas, Butte, Glenn, Mendocino, Lake, Colusa, Sierra, Nevada, Placer, El Dorado, Yuba, Sutter, Sacramento, Yolo, Amador, Alpine, Calaveras, Tuolumne, Stanislaus, San Joaquin, Merced, Mariposa, Madera, Fresno, Kings, Tulare and Kern Counties.)

Allied Health Professions complaints will be channeled statewide into the Sacramento Office. All complaints referable to psychologists, hearing aid dispensers, speech pathology, physician assistants, podiatry, acupuncture, registered dispensing opticians, and physical therapists should be directed to:

Consumer Service Representative for
 Allied Health Professions
 1430 Howe Avenue
 Sacramento, CA. 95825
 Telephone: (916) 322-5817

	11	9:00 AM	107 So. Broadway, L.A., Auditorium	Board

RESIGNATION OF BOARD IMMEDIATE PAST PRESIDENT

Sherwin L. Memel, a Los Angeles attorney, the first non-physician President of the Medical Board, resigned on February 7, 1977. He was appointed to the Board on May 14, 1973. Mr. Memel directed the Board during the reorganization after enactment of AB 1xx and served on the Division of Allied Health Professions during this period.

PESTICIDE POISONING— RECOGNITION, REPORTING, TREATMENT

The capricious nature of the symptoms of pesticide poisoning, similar to flu symptoms, make its diagnosis difficult, and a high degree of suspicion is necessary to take the proper steps to protect the patient and others who may have been exposed. Section 2950 of the California Health and Safety Code orders that physicians who suspect that a condition may be caused by a pesticide shall report it to the local health officer. An immediate phone call is the most effective way of complying with this requirement. Of course in cases of work related injury or illness, a "Doctor's First Report of Occupational Injury or Illness" must also be reported to the State Department of Industrial Relations; failure to file such a report is a misdemeanor and punishable by a fine.

A brief manual, "The Diagnosis and Treatment of Poisoning by Pesticides" is available from the U.S. Environmental Protection Agency, Office of Pesticide Programs, Washington, D.C. 20460. A limited supply is also available from the Board office. "Pesticide Illness Report" forms are available from local health departments.

CHILD ABUSE REPORTING

The California Medical Association and California Hospital Association have distributed to their members explicit instructions regarding the legal reporting requirements in child abuse cases, together with the proper medical reporting forms required of suspected non-accidental injury to children. All physicians should be aware of their responsibilities in the management of child abuse problems. The Division of Medical Quality of the Board of Medical Quality Assurance wishes to re-emphasize the high priority it places on the violations of this reporting requirement.

PHYSICIAN AND SURGEON OFFICE LABORATORY PROFICIENCY TESTING QUESTIONNAIRE

Section 1241.1 of the Business and Professions Code requires all California physicians who perform or have employees perform laboratory work in their office, to participate in a State approved proficiency testing program. A questionnaire has been sent to all California physicians in order to collect data pursuant to this code section. It is important that this questionnaire be completed and returned to the Board of Medical Quality Assurance as soon as possible.

Should you have any questions on completing the questionnaire, please contact:

LABORATORY FIELD SERVICES
2151 Berkeley Way, Room 600
Berkeley, California 94704
(415) 843-7900, ext. 681

All California physicians who did not receive a questionnaire should obtain one from:

VERIFICATIONS SECTION
Board of Medical Quality Assurance

Sacramento, California 95825
(916) 322-2831

FDA RULES DISODIUM EDETATE (CHELATION THERAPY) AS A "NEW DRUG"

The Department of Health and the Board of Medical Quality Assurance (have) (mailed) a letter to you dealing with chelation therapy. In summary, injections of disodium edetate dispensed for the cure, mitigation, or treatment of arteriosclerosis is not generally recognized by qualified experts. Legally, the Food and Drug Administration of the Department of Health has defined disodium edetate for this purpose as a "new drug". The sale, delivery or dispensing of a "new drug" without an Exemption for Investigation is contrary to State law.

KEEPING YOUR LICENSE CURRENT

Our records show that many physicians have not yet renewed their licenses. Please be aware that California law prohibits anyone who does not have a *valid* California license from holding themselves out as a physician and practicing medicine. Although you may have been licensed and may be practicing safe, competent medicine, you may be in legal jeopardy if you have not renewed your license. To find out, check your card in your wallet or call our offices at (916) 322-2831.
